Editorial Reviews

US version includes one exclusive 'hidden' bonus track, 'You Know I'm No Good' (featuring Ghostface Killah). 'Back To Black' is the second album from London-based chanteuse Amy Winehouse. Although her 2003 debut was a success, her rowdy offstage behavior became the focus of tabloids and critics instead of the music. Because of this, Winehouse stepped out of the spotlight and concentrated on putting the focus back on her music. Three years later, her sophomore release has surprised critics and excited her fanbase. Combining a strong, jazzy vocal style with often frank lyrical content recounting tales of love and loss, Winehouse is a truly talented songwriter with a good ear for melody, making this album an essential purchase. Includes the single 'Rehab'. Universal. 2007.

How customer reviews and ratings work ▼

Customers say

Customers praise Amy Winehouse's voice, describing it as singing with heart and soul, and appreciate her talent as a truly gifted performer. The album features great hits and is soulful, with one customer highlighting it as the best collection of songs about heartache. The sound quality receives mixed reviews, with some praising the wonderful sound while others find it horrible, and the physical quality is also mixed, with some noting excellent condition while others report bad engineering. Several customers report issues with the vinyl skipping on almost every song.

 James C Young

★★★★★ The vinyl version of this album is really great.

Reviewed in the United States on March 9, 2013

Verified Purchase

I bought this on vinyl and it is a great addition to my collection. It's on regular grade vinyl , where as most of my newer vinyl is on 180 gram vinyl or higher, but it sounds as if it is pressed on 180 gram vinyl. The sound of the album is indeed very haunting, in a great way. I noticed that the tracks that Mark Ronson produced sound the best on this album. But they

are all great to listen to and it's very sad she became a member of the "27 club".

Mark Ronson produced tracks 1,2,5,6,8 and 10. He really knows how to make a song sound great. Most people are more familiar with his DJ sister Samantha Ronson, Lindsey Lohan's ex-girlfriend. I think that he is however the star in the family. Mark has produced many artist throughout his career. He has worked with the likes of Jack White, Lily Allen and one of my all time favorites, Macy Gray. Amy Winehouse is no exception as a favorite either. He also DJ's and has a band called Mark Ronson & The Business Int. His band is worth a listen, as I really like a lot of their music. Not sure if they are still together, but still worth a listen.

★★★★★ Great album

Reviewed in the United States on August 8, 2011

Verified Purchase

I love music and have a very diverse collection of styles and artists in my cd collection including a lot of artists popular in the UK not known here yet. For some reason I never discovered Amy Winehouse with her superb first release FRANK. Had I, I would have been a huge fan from the beginning. Instead, the same as many, I was introduced to her through the single REHAB which sadly came hand in hand with her strong addiction problems. The paparazzi had a field day with her. And the joke was she was singing about rehab when it seemed she so obviously needed it. Even with her Grammy wins I didn't purchase this album.

Regretfully, it took her very sad and untimely death with talk of her unique musical talents and gifts that I bought both FRANK and BACK TO BLACK. I have truly fallen in love with Amy. She indeed was a truly gifted artist. BACK TO BLACK is honestly one of the best albums I have ever heard. She wrote every track and by listening to this cd you can put all the gossip and drama aside and listen to Amy as an artist. It is very important to remember
